Hermione knew that the two of them would go through Hell but
she was willing to risk it through and through, over and over again,
because her love for him was strong. Draco felt a little more
hesitant. He knew he would most likely be disowned but he almost
didn't care.
> "Out love won't be forbidden if we don't allow it to be, Draco. We
can defy the odds and show them how strong we really are. We can show
them how much we're in love. I love you and I don't want to hide it
anymore"
 "I know. I'll write tonight. I love you too." They
kissed eachother with passion and went their seperate ways for the
night.
>
(Coro/Chorus)
>
Amor Prohibido.....
>
A/N:Was there too much song and not enough writing? Or did I
drag this out too much? What do you think? Flames are welcome but I
don't encourage it but I can take criticism.
>
**Disclaimer-I don't own any of the characters though I wish I
did. I also don't own the song Amor Prohibido. This belongs to Selena
Quintanilla Perez who isn't with us any longer.
